

REGISTRATION DETAILS

Registration Fees	
Industry Professionals	: Rs. 3000
Academicians	: Rs. 1000
Research Scholar & (UG / PG Students)	: Rs. 750
Note: Registration fee includes Workshop Kit, Lunch and refreshments	

REGISTRATION LINK

<https://tinyurl.com/3xeu9kr2>

Last Date of Registration: 12.09.2024

TARGET AUDIENCE

- Industry Professionals
- Academicians
- Research Scholars
- UG / PG Students

ADDRESS FOR COMMUNICATION

Dr. P. BASKARA SETHUPATHI

Assitant Professor (Sr.G)
Centre for Automotive Materials
Dept of Automobile Engineering
SRM Institute of Science and Technology,
Kattankulathur 603203 TN India.
Mobile : +91- 9445700101 / 9176958220
Email : sethupab@srmist.edu.in

In association with

Brakes India

CHIEF PATRON

Dr. T.R. Paarivendhar, Chancellor, SRMIST
Dr. Ravi Pachamuthu, Pro-Chancellor (Adminstration), SRMIST
Dr. P. Sathyanarayanan, Pro-Chancellor (Academics), SRMIST

PATRON

Prof. (Dr.) C. Muthamizhchelvan, Vice Chancellor, SRM IST
Prof. (Dr.) S. Ponnusamy, Registrar, SRM IST
Prof. (Dr.) T.V. Gopal, Dean (CET), SRM IST
Prof. (Dr.) B. Neppolian, Dean Research, SRM IST
Prof. (Dr.) D. Kingsly Jeba Singh, Chairperson, SME, SRM IST
Prof. (Dr.) M. Leenus Jesu Martin, Automobile Engg., SRM IST
Prof. (Dr.) R. Rajendran, Automobile Engg., SRMIST
Dr. K. Kamalakkannan, HoD, Automobile Engg., SRMIST

ADVISORY COMMITTEE MEMBERS

Dr. A.S. Ramadhas, Director, GARC, Chennai
Dr. S. Dhanalakshmi, Additional Director (PM&HR), CVRDE, Avadi, Chennai.
Prof. (Dr.) M. Balasubramanian, Professor, IIT Madras
Prof. (Dr.) V. Balasubramanian, Professor Director (CEMAJOR), Annamalai University.
Prof. (Dr.) Dr. S. Malarvizhi, Professor, Annamalai University.
Prof. (Dr.) S. Anandhan, Professor, NIT Surathkal
Prof. (Dr.) A. Siddharthan, Professor, MIT Chennai
Dr. Jawahar, Associate Professor, NIT Agartala
Dr. D. Lenin Singaravelu, Associate Professor, NIT Trichy
Dr. M.A. Sai Balaji, Associate Professor, BSAC IST
Mr. Anantharaman Prakash, Vice President, Product Engineering, RNTBCI, Chennai
Mr. Senthilkumaran Varatharajan, Senior General Manager, MRV, Mahindra & Mahindra
Mr. N.S.R. Kanna, Vice President – R&D, Sundaram Brake Lining Ltd.
Mr. Balaji Srinevasan, Senior Vice President – R&D, Rane Brake Linings
Mr. Srikanth Venkatesan, Vice President, Brakes India Pvt. Ltd.,
Dr. Vijay Subramanian, India Representative, Alroko GmbH & Co. KG
Mr. S. Habib Rahmathulla, Managing Director, FRICMART
Mr. K. Umashankar, General Manager, Sangsin Brake Co., Ltd.
Mr. V. Ramesh, Vice President – R&D, JM Frictech India Pvt Ltd.
Dr. Mukesh Kumar, General Manager, Allied Nippon Ltd.
Mr. Murugesh Balaguru, Site Manager-India, Carlisle Brake & Friction
Dr. R. Sivakumar, Head of Product Line R&D, ZF Group
Mr. N. Vijayakumar, Deputy General Manager, MRV, Mahindra & Mahindra
Mr. Prasad Arunkumar, Assistant General Manager, Tivolt Electric Vehicles
Mr. Karthik Gnanaguru, Manager, Brakes Engineering, RNTBCI
Mr. R. Silambarasan, Brake NVH Engineer, Jaguar Land Rover, United Kingdom
Mr. C. Thiruvassagan, Managing Director, Huehoco India Group Pvt. Ltd.
Mr. Jay Kannan, Regional Manager, Trelleborg India Pvt. Ltd.
Mr. E. Maheswaran, Director, Wolverine Advance Materials
Mr. Nirmalendu Chatterjee, Global Sales Leader, ITT Inc.
Mr. Rishi Sehgal, Director, Starke International Exim Pvt. Ltd.
Mr. Samit Singhai, Technical Director, Kasturi Metal Composites Ltd.
Mr. Abhishek Rath, Director TAPRATH Elastomers
Mr. H. Venkata Ganesh, Managing Director, Adams Technologies
Mr. D. Vasu, Techno Commercial, Neuron Material Science
Mr. P.M. Venkatasamy, Managing Director, Pyramid Precision Engineering India (P) Ltd.,
Mr. Satya Priye, Director, Satya Cashew Chemicals (P) Ltd.,

SRM
INSTITUTE OF SCIENCE & TECHNOLOGY
(Deemed to be University u/s 3 of UGC Act, 1956)

Two Day Workshop on

SUSTAINABLE APPROACH ON AUTOMOTIVE BRAKE FRICTION MATERIALS FOR ELECTRIC MOBILITY

Date : 13 & 14 September, 2024

**Venue : AU205, Automobile Engineering Seminar Hall,
Main Campus, SRMIST, Kattankulathur.**

Convenors

Dr. J. CHANDRADASS

Head - Centre for Automotive Materials
Professor
Department of Automobile Engineering
SRMIST, Kattankulathur 603 203

Dr. P. BASKARA SETHUPATHI

Assistant Professor (Sr. Grade)
Department of Automobile Engineering
SRMIST, Kattankulathur 603 203

Organized by

Centre for Automotive Materials
Department of Automobile Engineering
School of Mechanical Engineering
SRM Institute of Science and Technology
Kattankulathur - 603203.

A++

Category 1
with 12B Status

(2024)
12th Ranked University

(2025) World Ranking
one among 46 Indian Universities

(2024) World Ranking
one among 91 Indian Universities

VERY GOOD
QS 4 Star Rated Globally

(2024) World Ranking
Ranked 5-7 in Indian Universities

ABOUT THE INSTITUTION

SRM Institute of Science and Technology (Formerly known as SRM University) is one of the top ranking Institution and most premier engineering destinations in India. It is established in 1985 by the Founder Chancellor Dr. T. R. Paarivendhar. SRM Institute of Science and Technology (SRMIST) is functioning in four campuses located at Kattankulathur, Vadapalani and Ramapuram in Tamilnadu and a fourth campus at Modi Nagar, Ghaziabad with over 50,000 students and 3,020 faculty members, offering wide range of undergraduate, postgraduate and doctoral programs in Engineering, Management, Medicine & Health Sciences, Law and Science & Humanities. The Institution has moved up through international alliances and collaborative initiatives to achieve global excellence. Over 150 students sponsored to 35 foreign Universities like MIT, Carnegie Mellon, UC Davis, Warwick and Western Australia. Now the Institute enjoys an unsurpassed reputation in academic and corporate circles being the preferred manpower source for vision to be recognized as a world-class learning institution. SRM Institute of Science and Technology has been categorized as grade 'A' Institution by Ministry of Human Resource Development (MHRD); Government of India. SRMIST is accredited by NAAC with 'A++' Grade in the year 2018.

ABOUT THE DEPARTMENT

The Department of automobile Engineering at SRM IST was established in 2004 with a vision of being recognized as a department of international repute with strong research and teaching base in automobile engineering and automotive electronics by active collaboration with industries. Aligning with the global challenge of e-mobility, our department works hand in hand with the industry and government bodies. The department focuses on activities such as development and implementation of new programs (UG/PG) associating with universities across the globe setting up center of excellence for the various industrial requirements and spreading out the research activities. The department has 8 fully functional laboratories and 2 research laboratories, equipped with instruments of recent industrial standards to enable us to achieve academic and research excellence.

ABOUT THE CENTRE FOR AUTOMOTIVE MATERIALS

The Centre for Automotive Materials (CAM) was established in the year 2017 with a focus to develop R&D on Automotive Material. The Centre has a dedicated team of faculties who work in the area of light-weight material systems, friction materials, brake disc material, gear material, material degradation and protection issues. The Centre is equipped with facilities like Linear Reciprocating Tribometer, Corrosion Cell Kit, Resin Infusion Kit, Oven and Furnace. The outcome of the strong research works from the Centre have been published in peer reviewed journals. Within a short span of time the Centre has published more than 100 journal papers, 75 Conference papers, 15 patents and 4 book chapters. The Centre also initiated research collaboration with foreign universities and the outcome was seen in joint publications. The members of the Centre regularly organize guest lectures, workshops, FDP and conferences on friction materials. Previously, the Centre organizes the 4 & 5th Railway Brake and Friction Conference in Collaboration with Brake Friction Conference Ltd, London, UK. The Centre is closely working with several industries providing solutions for critical problems to industries and also finding out new applications for various end products. Students of this Centre are sent to industries like Mahindra and Mahindra Research Valley and Brakes India for internship.

ABOUT THE WORKSHOP

The phasing-out of asbestos in automotive brake friction materials in many parts of the world has sparked the onset of extensive research and development into safer alternatives. As a result, the brake friction industry has seen the birth of different brake pads and shoes in the past decade, each with their own unique composition, yet performing the very same task and claiming to be better than others. The friction material formulation is considered as an art, only mastered by the experienced people. Even though, we could get the fingerprint of all the ingredients, how they work in combination with different properties, in different proportion is still an unresolved phenomenon. This suggests that the selection of brake friction materials is based more on tradition and experimental trial and error rather than fundamental understanding. This is true especially for those who want to pursue research in the area of friction materials.

This workshop aims in bringing the academic and industry experts across the country to share their experience on formulations providing some hindsight about various ingredients, the significance of their size, shape and properties and how they can be used in the formulation to get optimized properties, metal sulphides and its tribochemistry, Lubricant effect, Designing the friction materials, Development of NAO friction materials, Brake fade an introduction, Raw materials used in friction formulations testing procedures, the harmful ingredients and their environmental impact towards the society.

Cascading of valuable experience by academic and industry experts (per training to their domains) will be the key take away for the participants.

THEME OF WORKSHOP

- Sustainability
- Technology
- Innovation
- Affordability
- Social wellbeing

KEY TAKE AWAY FROM THE WORKSHOP

- To explore the present and future challenges in Brake Friction industry towards electrified mobility
- To gain technical inputs and know-how sharing direct from industry's stalwarts.
- To have professional connect and networking with experts from brake friction industries across the country.
- To get an introduction with brake friction raw material manufacturers.

RESOURCE PERSONS

This workshop will be having tech talk by eminent speakers from Brakes India, Rane Brake Linings, Sundaram Brake Linings, Tata Motors, Mahindra, Renault Nissan, ITT Inc., Alroko GmbH, Carlisle Brake Friction, Fricmart, IIT Madras, SRM Institute of Science and Technology (SRMIST), BSAR Crescent Institute of Science and Technology (BSARCIST) etc.,
