

REGISTRATION DETAILS

Registration Fees

Industry Professionals : Rs. 2000

Faculty Members : Rs. 1000

Research Scholar & (UG / PG) : Rs. 750

Note: Registration fee includes Workshop Kit, Lunch and refreshments

REGISTRATION LINK

<https://forms.gle/8r3uYrvPcEVEqnz2A>

Last Date of Registration: 29th Oct, 2023

TARGET AUDIENCE

- Industry Professionals
- Academicians
- Research Scholars
- PG Students

ADDRESS FOR COMMUNICATION

Dr. P. BASKARA SETHUPATHI

Assitant Professor (Sr.G)

Centre for Automotive Materials

Dept of Automobile Engineering

SRM Institute of Science and Technology,

Kattankulathur 603203 TN India.

Mobile : +91- 9445700101 / 9176958220

Email : sethupab@srmist.edu.in

EVENT SUPPORTERS

CHIEF PATRON

Dr. T.R. Paarivendhar, Chancellor, SRMIST

Dr. Ravi Pachamoothoo, Pro-Chancellor (Adminstration), SRMIST

Dr. P. Sathyanarayanan, Pro-Chancellor (Academics), SRMIST

Dr. R. Shivakumar, Vice President, SRMIST

PATRON

Dr. C. Muthamizhchelvan, Vice Chancellor, SRM IST

Dr. S. Ponnusamy, Registrar, SRM IST

Dr. T.V. Gopal, Dean (CET), SRM IST

Dr. B. Neppolian, Dean Research, SRM IST

Dr. D. Kingsly Jeba Singh, Chairperson, SME, SRM IST

Dr. M. Leenus Jesu Martin, Professor, Automobile Engg., SRM IST

Dr. R. Rajendran, Professor, HoD Automobile Engg., SRMIST

ADVISORY COMMITTEE MEMBERS

Prof. M. Balasubramanian, Professor, IIT Madras

Prof. S. Anandhan, Professor, NIT Surathkal

Dr. Shubhabrata Datta, Research Professor, SRMIST

Dr. D. Lenin Singaravelu, Associate Professor, NIT Trichy

Dr. M.A. Sai Balaji, Associate Professor, BSAC IST

Dr. Jitendra Kumar Katiyar, Research Assistant Professor, SRMIST

Dr. M. Navaneethan, Associate Professor, NRC, SRMIST

Dr. J. Vairamuthu, Associate Professor, Sethu Institute of Technology

Dr. B. Surya Rajan, Assistant Professor (S.G), BSAC IST

Dr. Vijay Raghunathan, King Mongkut's University of Technology North Bangkok

Mr. N.S.R. Kanna, Vice President – R&D, Sundaram Brake Lining Ltd.

Mr. Balaji Srinevasan, Senior Vice President – R&D, Rane Brake Linings

Mr. Srikanth Venkatesan, Vice President, Brakes India Pvt. Ltd.,

Dr. Vijay Subramanian, India Representative, Alroko GmbH & Co. KG

Mr. S. Habib Rahmathulla, Managing Director, FRICMART

Mr. Meenakshi Sundaram, Vice President – R&D, Hindustan Composites Ltd.

Mr. K. Umashankar, General Manager, Sangsin Brake Co., Ltd.

Mr. V. Ramesh, Vice President – R&D, JM Frictech India Pvt Ltd.,

Mr. Muruges Balaguru, Site Manager-India, Carlisle Brake & Friction

Mr. N. Vijayakumar, Deputy General Manager, MRV, MWC

Mr. Prasad Arunkumar, Senior Principal Engineer, MRV

Mr. Subbu Saravanakumar, Deputy General Manager, RNTBCI

Mr. Asakura Daisuke, Senior Manager, RNTBCI

Mr. Karthik Gnanaguru, Deputy Manager, RNTBCI

Mr. R. Silambarasan, Project Manager, Continental Automotive

Mr. Jay Kannan, Regional Manager, Trelleborg India Pvt. Ltd.

Mr. Nirmalendu Chatterjee, Global Sales Leader, ITT Inc.

Mr. Samit Singhai, Technical Director, Kasturi Metal Composites (P) Ltd.

Mr. Arun Subramanian, Head Business Development, Kasturi Metal Composites (P) Ltd.

Mr. Abhishek Rathi, Director TAPRATH Elastomers

Mr. Satya Priye, Director, Satya Cashew Chemicals (P) Ltd.,

Mr. H. Venkata Ganesh, Managing Director, Adams Technologies

Ms. Meenakshi Vidudala, Director, Anourav Innovative Materials Pvt., Ltd.

SRM
INSTITUTE OF SCIENCE & TECHNOLOGY
(Deemed to be University u/s 3 of UGC Act, 1956)

Two Day Workshop on

Sustainable Approach on Automotive Brake Friction Materials for Electric Mobility

Date : 02nd & 03rd November 2023

Venue : Dr. T.P. Ganesan Auditorium, Mini Hall 2

Convenors

Dr. J. CHANDRADASS

Head - Centre for Automotive Materials

Associate Professor

Department of Automobile Engineering

Dr. P. BASKARA SETHUPATHI

Assistant Professor (Sr. Grade)

Department of Automobile Engineering

Co-Convenor

M. PALANIVENDHAN

Asst. Professor

Dept., of Automobile, SRMIST

Organized by

Centre for Automotive Materials

Department of Automobile Engineering

School of Mechanical Engineering

SRM Institute of Science and Technology

Kattankulathur - 603203.

 NAAC A++	 UGC Category 1 with 12B Status	 NIRF (2023) Ranked 18 th University	 QS (2023) World Ranking one among 41 Indian Universities	 THE (2023) World Ranking one among 75 Indian Universities	 SHANGHAI RANKING (2023) World Ranking one among 14 Indian Universities
-----------------	--	--	--	---	---

ABOUT THE INSTITUTION

SRM Institute of Science and Technology (Formerly known as SRM University) is one of the top ranking Institution and most premier engineering destinations in India. It is established in 1985 by the Founder Chancellor Dr. T. R. Paarivendhar. SRM Institute of Science and Technology (SRMIST) is functioning in four campuses located at Kattankulathur, Vadapalani and Ramapuram in Tamilnadu and a fourth campus at Modi Nagar, Ghaziabad with over 50,000 students and 3,020 faculty members, offering wide range of undergraduate, postgraduate and doctoral programs in Engineering, Management, Medicine & Health Sciences, Law and Science & Humanities. The Institution has moved up through international alliances and collaborative initiatives to achieve global excellence. Over 150 students sponsored to 35 foreign Universities like MIT, Carnegie Mellon, UC Davis, Warwick and Western Australia. Now the Institute enjoys an unsurpassed reputation in academic and corporate circles being the preferred manpower source for vision to be recognized as a world-class learning institution. SRM Institute of Science and Technology has been categorized as grade 'A' Institution by Ministry of Human Resource Development (MHRD); Government of India. SRMIST is accredited by NAAC with 'A++' Grade in the year 2018.

ABOUT THE DEPARTMENT

The Department of automobile Engineering at SRM IST was established in 2004 with a vision of being recognized as a department of international repute with strong research and teaching base in automobile engineering and automotive electronics by active collaboration with industries. Aligning with the global challenge of e-mobility, our department works hand in hand with the industry and government bodies. The department focuses on activities such as development and implementation of new programs (UG/PG) associating with universities across the globe setting up center of excellence for the various industrial requirements and spreading out the research activities. The department has 8 fully functional laboratories and 2 research laboratories, equipped with instruments of recent industrial standards to enable us to achieve academic and research excellence.

ABOUT THE CENTRE FOR AUTOMOTIVE MATERIALS

The Centre for Automotive Materials (CAM) was established in the year 201 with a focus to develop R&D on Automotive Material. The Centre has a dedicated team of faculties who work in the area of light-weight material systems, friction materials, brake disc material, gear material, material degradation and protection issues. The Centre is equipped with facilities like Linear Reciprocating Tribometer, Corrosion Cell Kit, Resin Infusion Kit, Oven and Furnace. The outcome of the strong research works from the Centre have been published in peer reviewed journals. Within a short span of time the Centre has published more than 100 journal papers, 75 Conference papers, 15 patents and 4 book chapters. The Centre also initiated research collaboration with foreign universities and the outcome was seen in joint publications. The members of the Centre regularly organize guest lectures, workshops, FDP and conferences on friction materials. Previously, the Centre organizes the 4 & 5th Railway Brake and Friction Conference in Collaboration with Brake Friction Conference Ltd, London, UK. The Centre is closely working with several industries providing solutions for critical problems to industries and also finding out new applications for various end products. Students of this Centre are sent to industries like Mahindra and Mahindra Research Valley and Brakes India for internship.

ABOUT THE WORKSHOP

The phasing-out of asbestos in automotive brake friction materials in many parts of the world has sparked the onset of extensive research and development into safer alternatives. As a result, the brake friction industry has seen the birth of different brake pads and shoes in the past decade, each with their own unique composition, yet performing the very same task and claiming to be better than others. The friction material formulation is considered as an art, only mastered by the experienced people. Even though, we could get the fingerprint of all the ingredients, how they work in combination with different properties, in different proportion is still an unresolved phenomenon. This suggests that the selection of brake friction materials is based more on tradition and experimental trial and error rather than fundamental understanding. This is true especially for those who want to pursue research in the area of friction materials.

This workshop aims in bringing the academic and industry experts across the country to share their experience on formulations providing some hindsight about various ingredients, the significance of their size, shape and properties and how they can be used in the formulation to get optimized properties, metal sulphides and its tribochemistry, Lubricant effect, Designing the friction materials, Development of NAO friction materials, Brake fade an introduction, Raw materials used in friction formulations testing procedures, the harmful ingredients and their environmental impact towards the society.

Cascading of valuable experience by academic and industry experts (per training to their domains) will be the key take away for the participants.

THEME OF WORKSHOP

- Sustainability
- Technology
- Innovation
- Affordability
- Social wellbeing

KEY TAKE AWAY FROM THE WORKSHOP

- To explore the present and future challenges in Brake Friction industry towards electrified mobility
- To gain technical inputs and know-how sharing direct from industry's stalwarts.
- To have professional connect and networking with experts from brake friction industries across the country.
- To get an introduction with brake friction raw material manufacturers.

RESOURCE PERSONS

This workshop will be having tech talk by eminent speakers from Brakes India, Rane Brake Linings, Sundaram Brake Linings, Tata Motors, Mahindra, Renault Nissan, ITT Inc., Alroko GmbH, Carlisle Brake Friction, Fricmart, IIT Madras, SRM Institute of Science and Technology (SRMIST), BSAR Crescent Institute of Science and Technology (BSARCIST) etc.,
